

THE CHOICE THAT I MADE

FOR QUEEN MOTHER DR. DELOIS
BLAKELY

MUSIC & LYRICS BY KATE MARLAIS

The choice that I made was critical
It occurred on my mother's death
My mother, my friend and confidant
Who I loved and trusted
And I was young when she left
When she died
She left me in a state of sadness
That I could never overcome
A state of loneliness
Where I never trusted anyone
Anyone

The choice was to take ownership
Of my decisions
So I could not blame
Anyone else for them
It made me take risks
And do whatever I believed in
Obstacles to overcome
So I learned that
Humans have strength but also weakness
But weakness leads to limitation

So I chose to become
A strong willed individual
With a deep spiritual search for self and life
And it made me fill the void
By believing in myself
Making my own decisions
Taking responsibility
Making my own decisions
Taking responsibility
For my life
My life!
My life!
