

BE BOLD STAND FIRM

FOR ELSAMARIE D'SILVA

MUSIC BY EMILY KOH

LYRICS BY JACQUELINE SUSKIN

INTRO (SPOKEN)

Be bold and build beyond the limits
Stand firm within the light of yourself
See how the light within will pave your way
It's never just as simple as come what may

VERSE

Cast the creation of the safest place
Build the foundation of resistance
Find the finest focus that will never cease
And help others find their deep release

CHORUS

Be bold and build beyond the limits
Stand firm within the power of yourself
See how the light within will pave the way
It's never just as simple as come what may

VERSE

A network of honesty inspires us
To uphold the cause of what is just
And we point our fingers at the source of pain
To know it is our weakness is not our gain
Not our gain, not our gain

CHORUS

Be bold and build beyond the limits
Stand firm within the power of yourself
See how the light within will pave the way
It's never just as simple as come what may

VERSE

Trust one another to join the fight
To protect what we know is only right
Secure in this cradle of subsistence
We attend to each horrific instance

CHORUS

Be bold and build beyond the limits
Stand firm within the power of yourself
See how the light within will pave the way
It's never just as simple as come what may
Come what may, come what may
